

Space Escape - Treasure Hunt Clue Set 2 - event, resource.

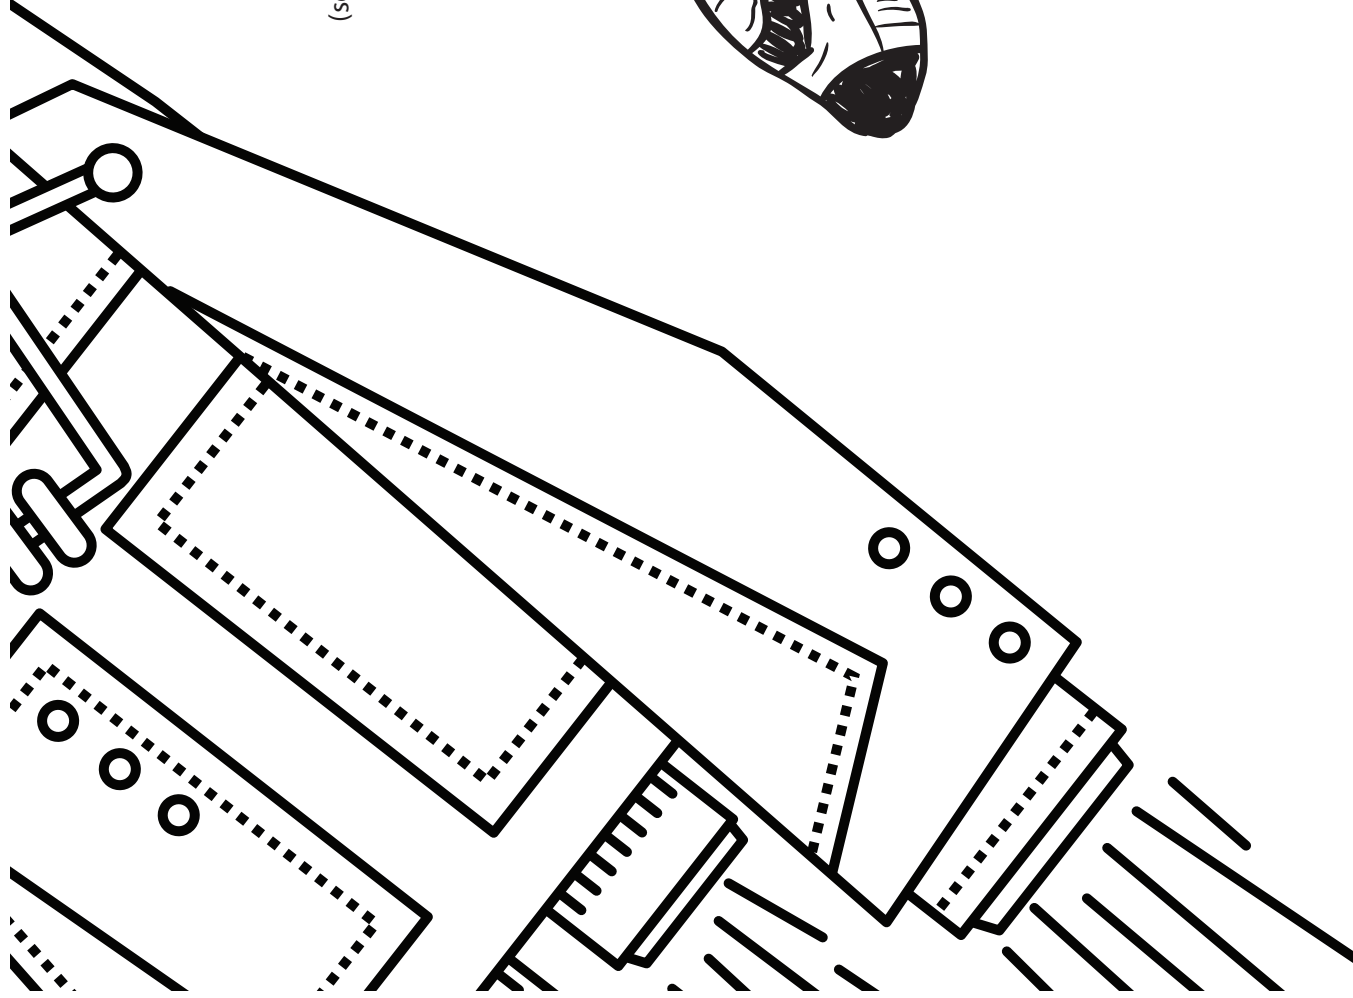

If you have a printer available at home just print out the 6 x A4 clue cards on paper - so your children have a visual to look for in the treasure hunt part of the event fun - if you don't have a printer we suggest you trace or draw each clue page - accuracy is not essential.

We do a riddle clue to find each of the 6 clue sheets:

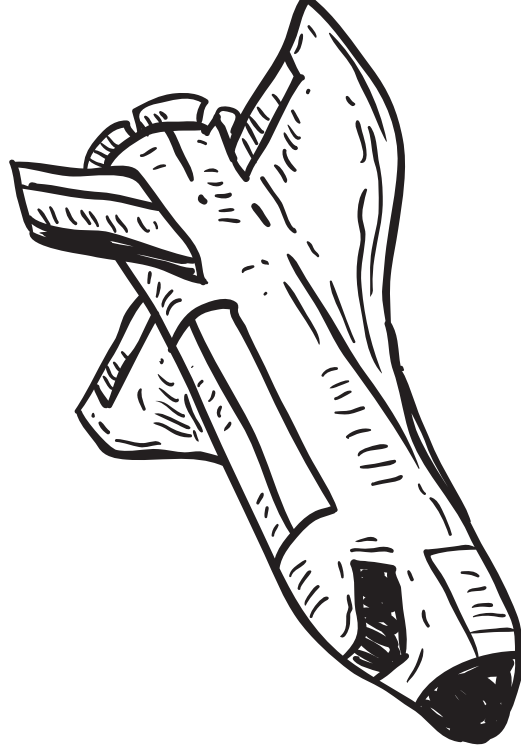

- 1/ Space Shuttle
- 2/ Astronaut
- 3/ Luna Module
- 4/ Rocket
- 5/ Comet
- 6/ Earth

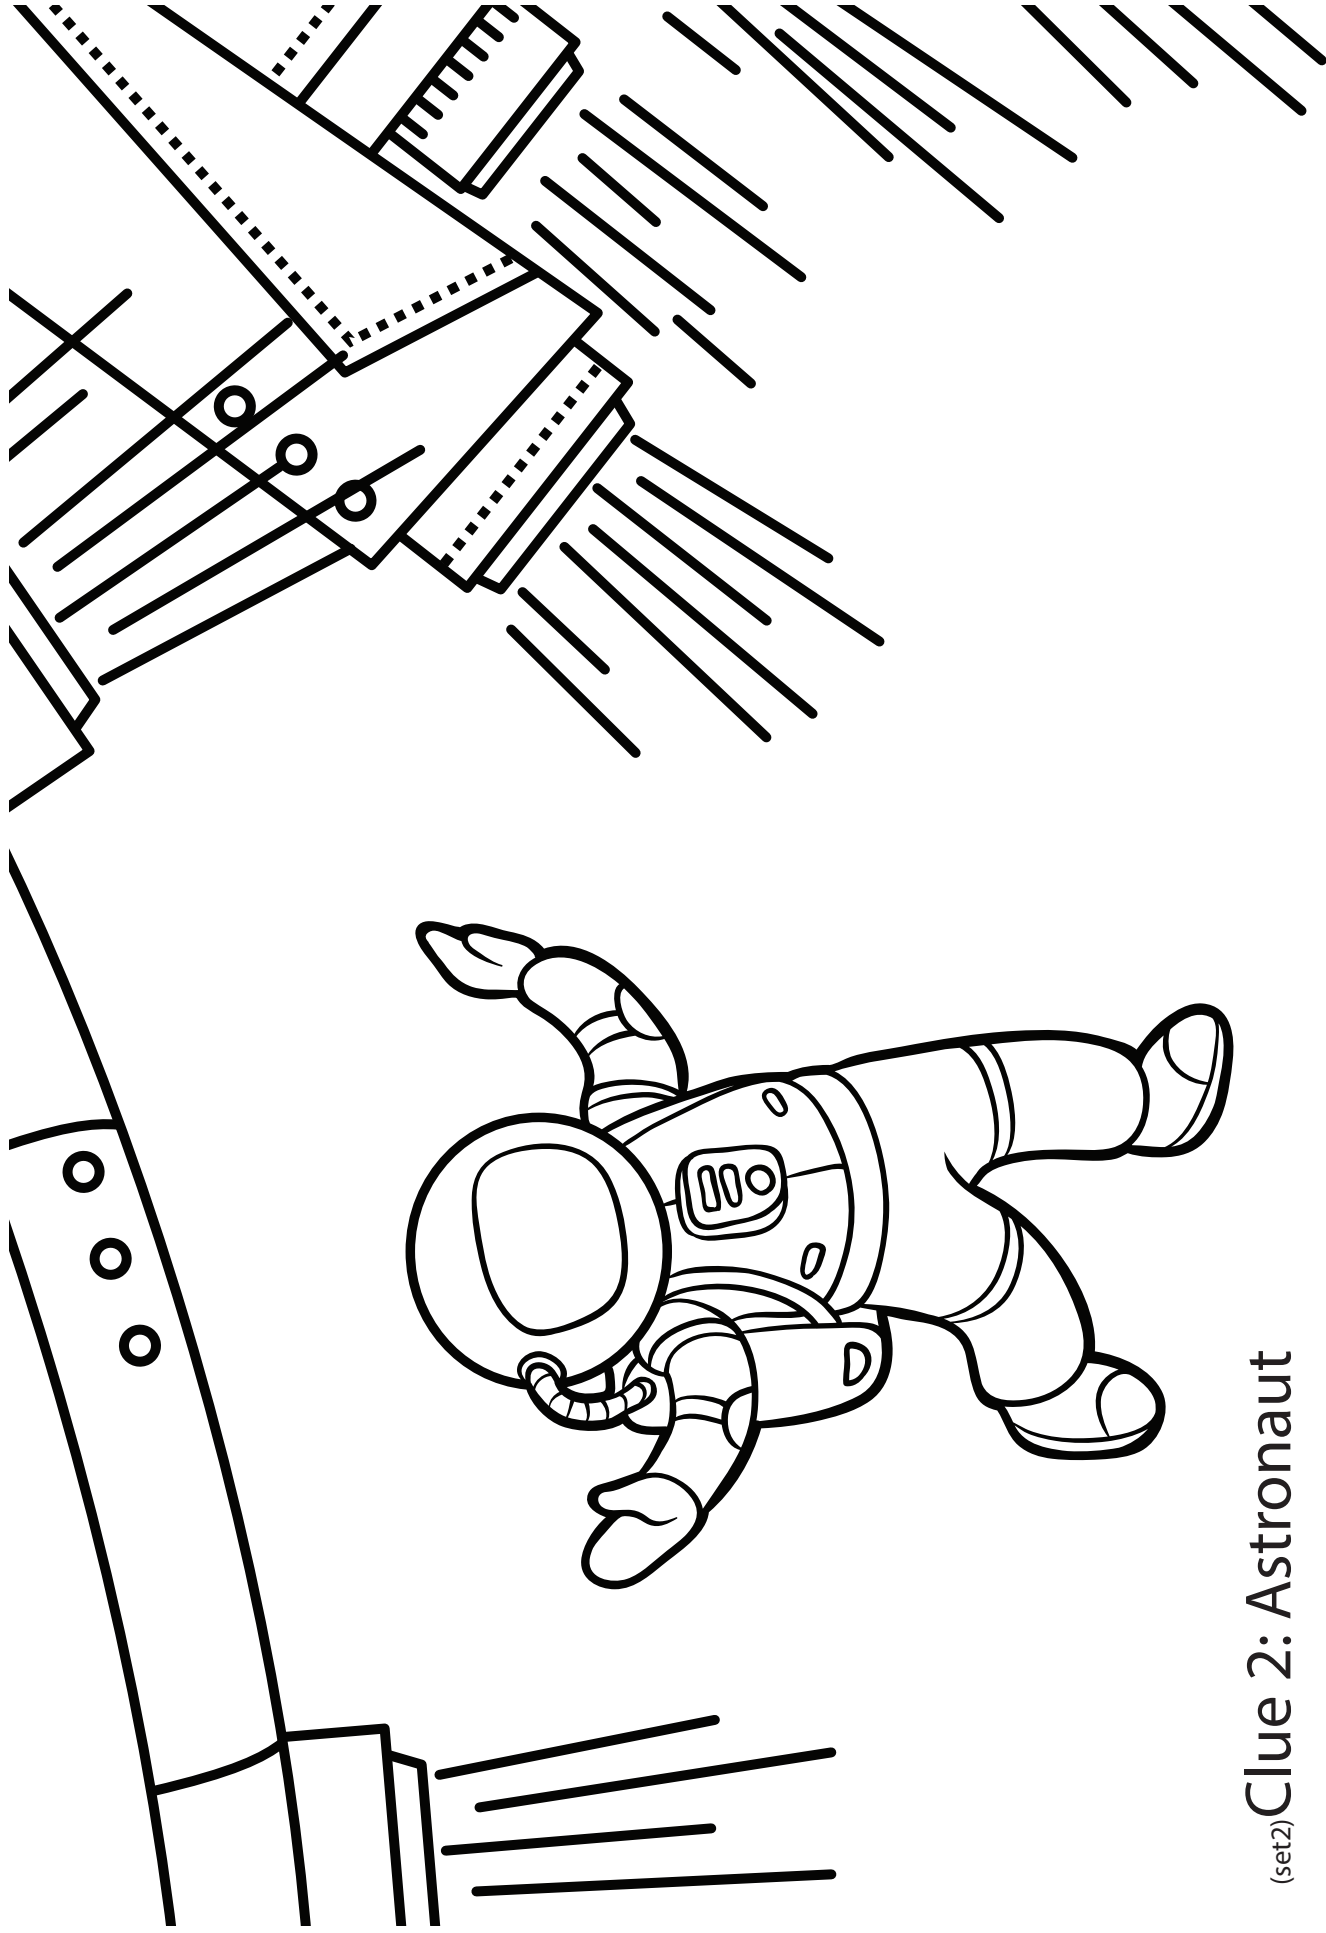

You need to put these in view - pinned to the wall or on a shelf or similar - within 30-45 seconds looking time of where in your house you will watch the online video stream. You can hide extra treats with them if you wish. Buzz the Astronaut will ask if the children were able to find the clue points and ideally collect them - to create a poster picture puzzle when they have all 6 clue sheets.

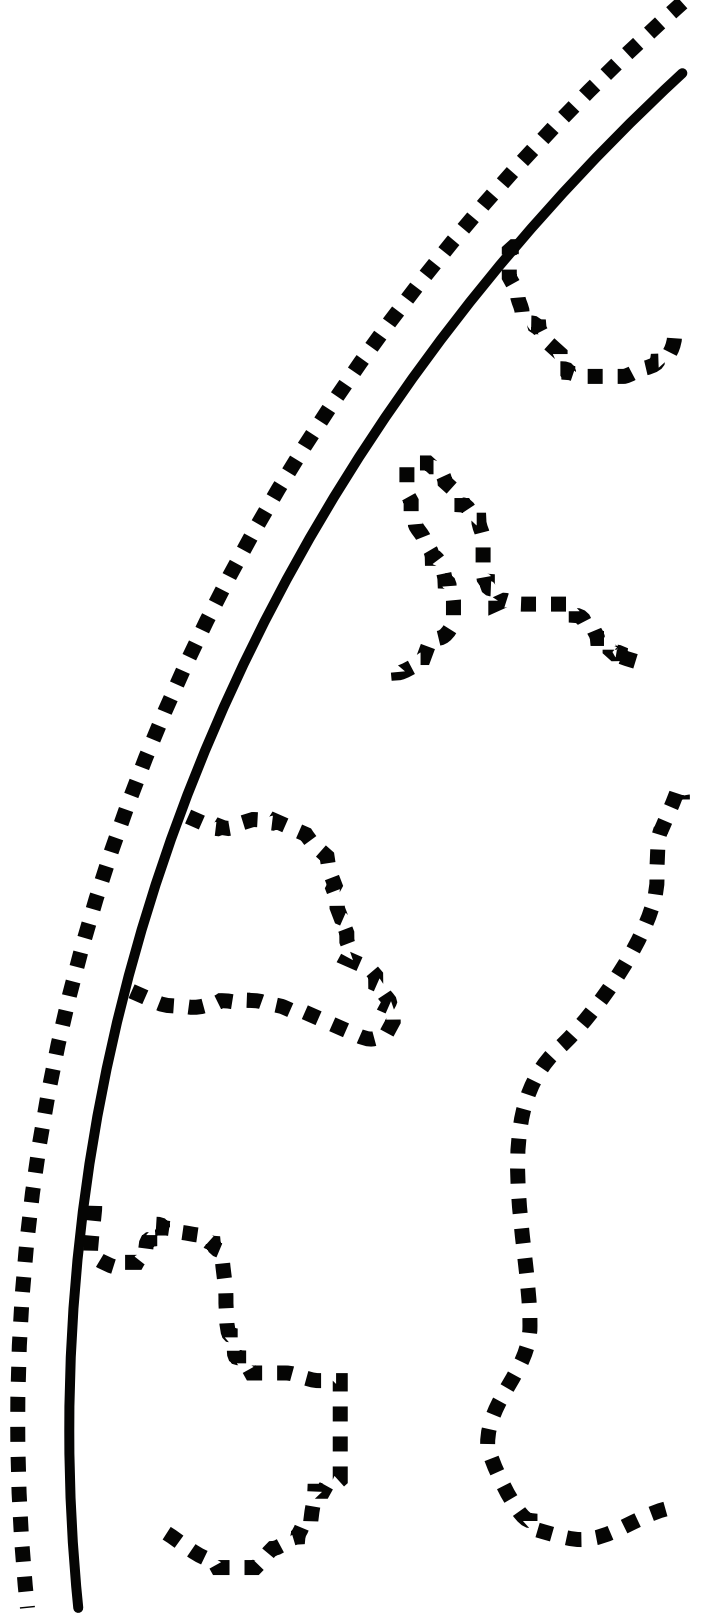

(set2) Clue 1: Space Shuttle

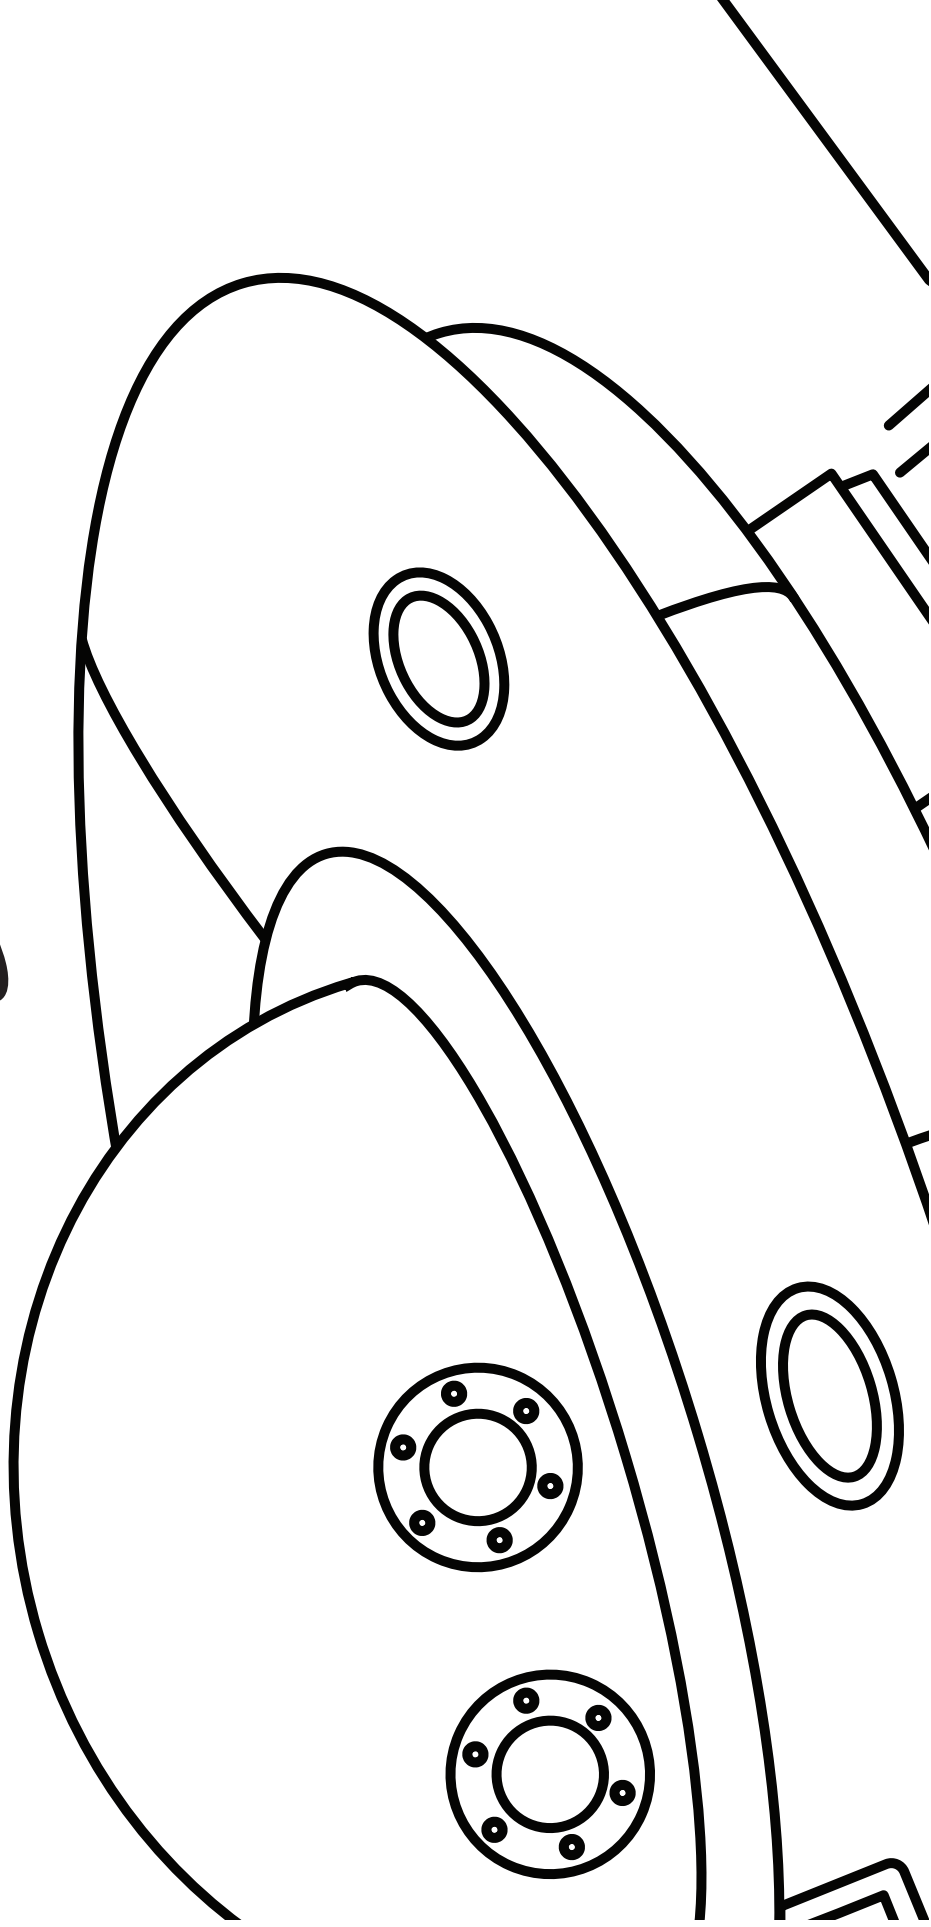

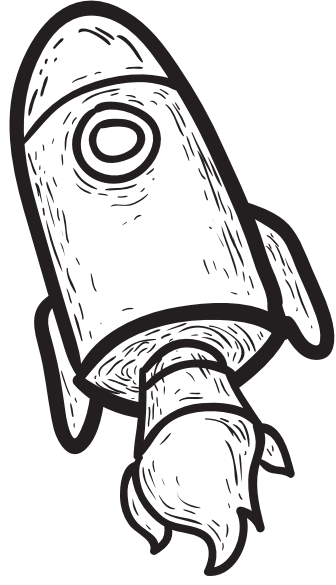

(set2) Clue 2: Astronaut

(set2)
Clue 3: Lunar Module

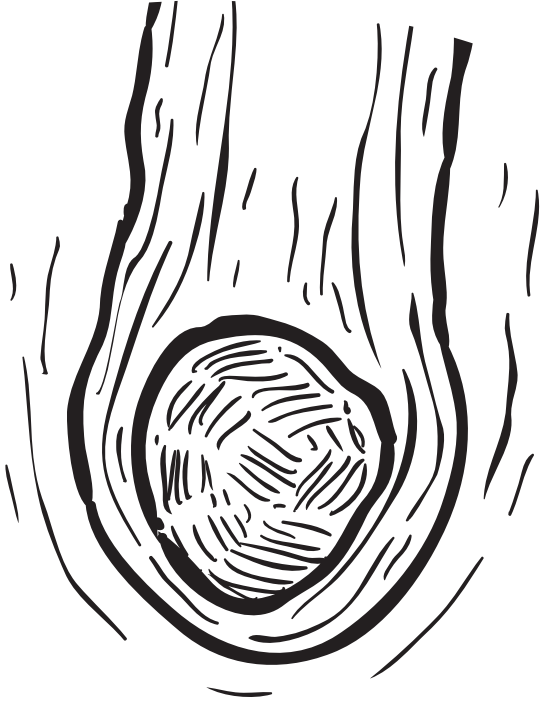

(set2) Clue 4: Rocket

Clue 5: Comet

(set2)

(set2) Clue 6: Earth
