

Here is your information for how the Dino Club badge scheme works....

The badge scheme is completely free to take part and you can even track your child's progress and unlock rewards along the way.

In the meantime you can access the badge information in these PDF's [or on the website here](#), including all the challenges and resources where appropriate.

I have designed the challenges to be adaptable depending on the age and ability of your child and have created resources that are cheap and easy to gather / create and can be used either with a printer or if you don't have a printer. So all the challenges are accessible for everyone to adapt and do!

How the badge challenge programme works....

I have 12 badges that can be done as one per month or if your child is super eager and wants to complete them sooner they can do. You can do them in your won time and at your own pace. My Dino club episodes will sometimes feature some of the challenges and I will refer to them, so they are helpful to watch. But you don't have to do the badges in sync with the video broadcasts. You can find the episodes [on the YouTube channel here](#)

I have divided my badge programme into 3 sections of –

triassic ranger badges

jurassic ranger badges

cretaceous ranger badges

Each section has 4 badges for it - **SKILLS** badge, **FACT** badge, **MAKER** badge, **SCIENCE** badge

For each badge there are 6 challenges and your child only needs to complete 3 of the 6 challenges to earn their badge. (Of course if they want to do all 6 they can do!) You can find all the challenges at the [website here](#) and download PDF's for them too

Once you complete a badge you can log it on the badge tracker - [access these to print for free on the website](#)

[Or order the printed versions as part of our membership pack with stickers here](#)

Have fun with your challenges and don't forget to let me know about your progress. You may even get featured in my monthly live gallery! See you soon ✕✕ Ranger Ron ✕

Make sure you are subscribed to notifications in Messenger to receive updates on your progress and be able to use the digital badge tracker, as well as get links for new Dino club episodes and details for other activities to access.
