

DINO WASHING LINE TARGET GAME!

Create a set of targets with holes cut out and mount on card for more strength and peg these to a mini washing line you can make between 2 sticks in a back garden or park.

Use our templates to make your targets and add your own points system to each one - ie one might be worth, 5, another 10 and another 15, or smaller numbers if young rangers.

Once you make this you can toss through the holes from 1 to 2 metres away, your dino toys that will fit - ie the small ones!

POINTS ...

Cut out the hole - ideally print on or stick to card.

Add on your points and colour in circles and background if you wish!

Finally peg to string/ wire for target fun. Throw dino toys in holes to score.

UTAHRAPTOR

POINTS ...

Cut out the hole - ideally
print on or stick to card.

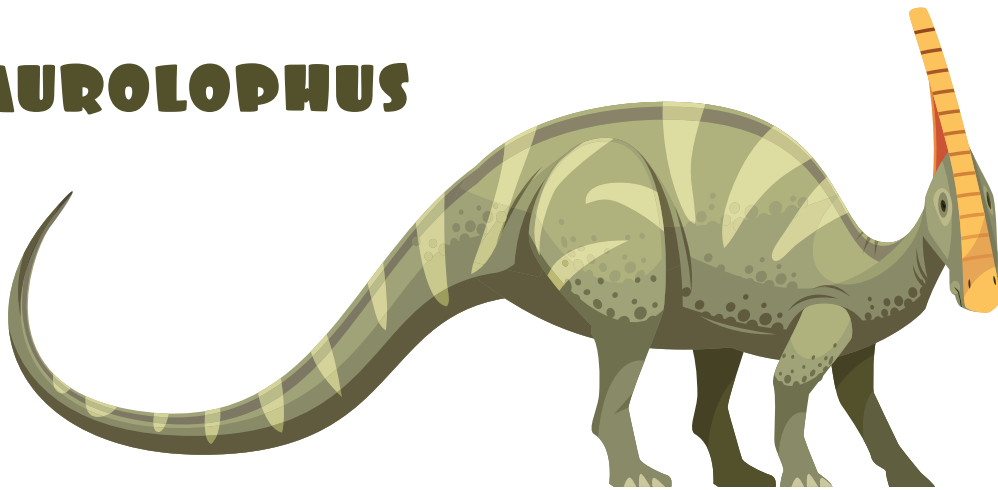

Add on your points and colour
in circles and background
if you wish!

Finally peg to string/ wire
for target fun. Throw
dino toys in holes to score.

TYRANNOSAURUS

PARASAUROLOPHUS

POINTS ...

Cut out the hole - ideally print on or stick to card.

Add on your points and colour in circles and background if you wish!
